

Tuesday 10th January 2023

Internet Safety information evening

Dear Parents/Carers,

As I am sure you are aware, the internet continues to develop at an increasingly rapid rate. This does not just include new websites and social media but the growth of online interaction and gaming also.

We encourage our children to use the internet safely by providing E-Safety lessons each half term. During these lessons, each class are provided with age-appropriate skills and knowledge to keep themselves safe online. We recognise however, the importance of you having the confidence and knowledge to answer complex questions and monitor your child's online activity.

I will be holding an internet safety information evening on **Monday 6th February from 3.30pm – 4.30pm.** This is open to caregivers of children from every class. I will be providing an online safety update, sharing how to monitor your child's online activity as well as explaining how to add parental locks onto your devices at home. This will also be an opportunity for you to ask any questions or raise a concern you may have.

Please complete and return the slip below if you wish to attend.

If you have any questions, please do not hesitate to contact me.

Yours Sincerely,

Jemma Reeder
Assistant Principal

Please complete and return to school by Monday 16th January 2023.

I/Wewould like to attend the Internet Safety information evening on Monday 6th February at 3.30pm.

My child is in class.

Signed
